FAMILY RESEARCH BEGINS AT THE RESEARCH CENTER

We have many genealogical
resources available to our member
libraries. All you need is a library
card!

Four County Library System

Providing consolidated services to public libraries in Broome, Chenango, Delaware, and Otsego Counties since 1960.

www.4cls.org

Research Center

We have many great resources available to the family researcher. These resources are available at no cost to registered users of the libraries that subscribe to the Research Center.

Genealogy

Ancestry Library Edition

(Available only in the library) This is one of the leading genealogy websites for researching your family history. It is provided by the Four County Library System. Start with a simple search and explore your family tree. *Ancestry Library Edition* allows the user to use both simple and complex searches to find a plethora of information, from U.S. and state census, birth, marriage, and death records, maps, city directories, and so much more.

Other genealogy resources

Ancestry.com New York

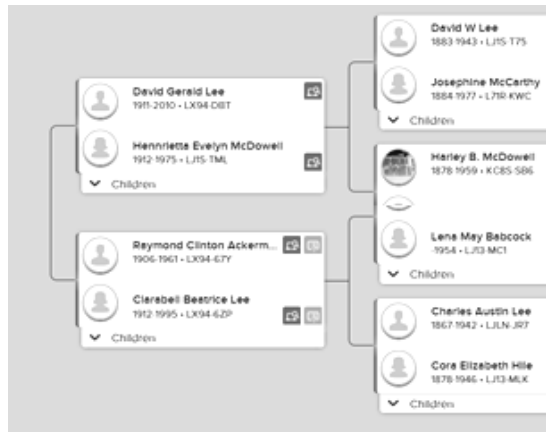

Portions of Ancestry.com pertaining to New York are free to NY State residents. The New York State Archives partnered with Ancestry to digitize some NY state records of interest to genealogists.

Family Search

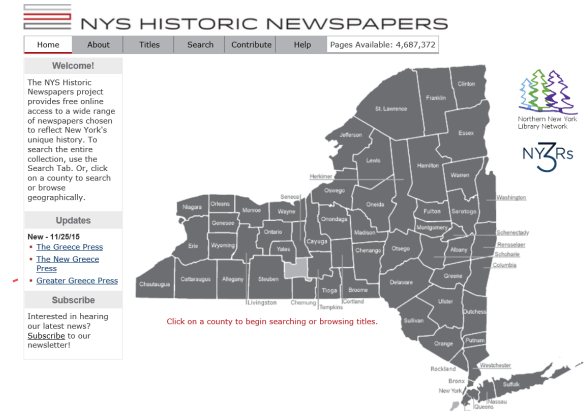

Records, resources, and services for genealogical research. This database can be used at home and is free of charge.

Fulton History

Access to more than 16 million pages of historical New York State newspapers as well as historical post-cards.

Historical Newspapers and Archives

NYS Historical Newspapers

This state wide project provides free online access to a wide range of newspapers chosen to reflect New York's unique history.

Digital Archives of the Afton Free Library

This digital archive cover the southeast area of Chenango County for the years 1876-1957 and is provided by the Afton Free Library.

Digital Archives of the George F. Johnson Memorial Library

This digital archive covers publications in the Endicott area for the years 1856-1951.
