

Frederick City Md April 6th 1865

Dear Mother

I arrived here yesterday from the front & shall probably stay here some little time unless I get a leave of absence & go home & stay untill I get well. I have not spoken to the doctor about it yet, but I shall in a day or two. The army were all going to move on the 4th or I should not have left Camp at all. My wing is getting along nicely & dose not pain me at all. Think I can get well in 5 or 6 weeks if I have no bad luck. Mrs. Per Lee is in Frederick so I shall not be entirely among Strangers. If you write to me direct the letters to Frederick Gen Hospital, do not put on the number of my regt for I should not get them at all.

Your Aff Son

C.J.H.
