Dear Mother

Charley Brown starts for home tomorrow morning on leave for 15 days. I send by him a package of old papers that are valuable to me & I would like to have them put away where they can be had at any time in case that I should send for them. Something may turn up that I may need them hereafter. We have got some nice sleighing here this morning but no cutter to ride in. Cant write any more now for want of material. Foote has just come in & says that his family is sick again. Please remember me to all the good people.
