

Picture Book Categories

You may notice that the picture books in our library look a little different!

We have just started to use picture book categories to organize our picture books. These categories encompass the popular themes of childhood including learning about yourself, concepts, dinosaurs, make believe and more. Nonfiction picture books are also included in these categories, giving young children a wider range of books to read.

Around the children's area you will see a guide to the picture book categories. These will help you and your young ones find exactly what you are looking for.

Please do not hesitate to ask if you need help navigating our new system.

Have fun and keep reading!
