DIRECTOR'S CORNER

The library is now open for public access! No appointments are required. Please limit computer usage to only necessary usage as we currently have only two computers available for patrons.

- ✓ Please understand that masks are required in the library. If you do not have one or prefer not to wear one, we will meet you curbside with your book/ item choices or printouts.
- ✓ Curbside pick-up is still available if you prefer.
- ✓ Please follow the social distancing requirements while in the library and adhere to the 6-foot distance between yourself and other patrons/staff while in the library.
- ✓ Please return all of your items to the drop box outside of the library by the front doors. Do not return in a bag.

We will soon have **3-D Printing Pen Kits available to sign out using your library card**. A fun creative project for families to work on together. Templates are included as ideas with the kit. If there are templates you are interested in trying, let us know and we can print them for you.

The Early Learning Bag Program is here! Bags with **books for babies and toddlers**, with idea sheets included for parents to learn and play with their babies and toddlers. **It is a great way to get youngsters started on the road to enjoy reading and learning!**

There are still books available for sale! Come in and browse on Fridays if you would like to purchase some. Very reasonably priced. We need the space so no limit on how many you can take.

We are not currently accepting any donations of books or items and we never accept donations of magazines. **We have many discarded magazines available for free if you are interested in taking them.**

Thank you very much for your patience during these challenging times. **Welcome back to your library!**
