**You can still sign up to participate!**

The Summer Reading Program is open to all ages as we would like to encourage everyone to start and continue reading. Reading helps in all walks of life, and keeps our minds fresh and active.

Story times will take place outside on the lawn of the library, or inside, depending on the weather. Crafts will take place after story times and will be themed after the story read for that day. All ages are welcome to join, but it is geared more for ages birth to 7 years.

Prizes will be given at the end of the summer to all individuals who participate and turn in their reading records by August 27th. Extra prizes will be available for those who fill an entire reading record with titles and authors of books read.

Prizes will be age oriented.

**Most important of all is have fun; try something new in your reading and activities!**
