

Judy reported that she received \$200 from the Upper Susquehanna Watershed for green books to include a tree identification book. Judy sent a thank you.

Judy called Barry Davis two times and got no response regarding the return of our custom ordered Anderson storm door. We no longer need it and asked for reimbursement if he is able to use it for one of his jobs. The cost was \$474 from Curtis Lumber on 1/23/14. We want to receive full price of the door or the door returned to us. Judy to write to Barry Davis at PO Box 5127, Edmeston, NY 13335-5127 indicating that we have been unable to contact him by phone in reference to the door (include date, etc.). We need to have reimbursement for the door or the door returned.

Broome County is now paying the fees previously discussed, so we can now get books from them when needed.

This meeting was adjourned at 7:45 pm.

Respectfully submitted,

  
Judy Off, Acting Secretary
