

The William B. Ogden Library

42 Gardiner Place, Walton, New York 13856

November, 2018

Dear Friends of the William B. Ogden Library,

Happy Holidays from the Board of Trustees and the staff of the William B. Ogden Library. As you consider your end of the year giving please take time to focus on the accomplishments of the library during the past year.

- The library received a large grant from New York State that has allowed us to replace the roof and gutters on the library.
- Walton has many talented writers living in the area and several of these were invited to talk about their recently published books.
- The Grant Rogers Project continues to grow. The showing of the movie "Indian Summer" brought out more than 200 people to the theater. Another 25 came to the library for a second viewing.
- The main floor of the library was painted this summer.
- The Summer Reading Program had more participants- young and old than ever before.
- This past summer we added a "Little Library" at the Walton Town Pool. It was a huge success and the village is looking forward to us continuing this project next summer.
- We said goodbye to our director, Susan Frisbee when she took a new job in Delhi.
- We will be welcoming our new Director, Heather Johnson, on December 11th. Heather has many years of library experience and a degree in library science and we believe will be a huge asset to our library .

Your generous contribution will be used to help support programming at the library during the coming year. We would like to thank you in advance for your support.

Sincerely,

Robbie-Jean Rice

President, Board of Trustees

Enclosed is my contribution of \$_____ to the William B. Ogden Library.
