Tuesday	9 am - 2 pm
Wednesday	12 noon - 7 pm
Thursday	12 noon - 5 pm
Friday	12 noon - 5 pm
Saturday	9 am - 2 pm

SEED LIBRARY

Preliminary Meeting in February

What's a Seed Library? A seed library, run for public benefit, is a place for community members to obtain free seeds. Such a project will encourage gardening, create locally adapted varieties, counteract loss of gene integrity, preserve genetic diversity, and respond proactively to climate change.

A preliminary informational meeting on seed saving will be held in February. Please contact the Director if interested.

FROM THE BOARD OF TRUSTEES:

Come in and meet our new Library Director, Chris Curch.

Chris has resided in Worcester since 2013. He has a Master's degree from SUNY Polytechnic, with a background in non-profits and college teaching. He most enjoys reading detective novels and science fiction.

A big Thank You to Joanie, and all our volunteers who filled in this past month. We couldn't have done it without you all.

The Board would also like to thank

Larry DeLong

for his 8 years of service as a Trustee.

Mr. DeLong has been a solid rock of good judgement, perspective, knowledge and humor. He will surely be missed.

Trustees Board Meeting:

Thurs. Jan. 12th at 6:30 pm
All meetings are open to the public.

Story Hour Reboot:

With a new year and new Director, the Library is taking a fresh look at our Story Hour. We have a sign-up sheet at the Library desk for those interested. Tell us the time and day that works best for you.

The Friends Congratulate Joan DeBenedettis

Winner of the Raffle Basket

And a big Thank You to the anonymous donor of the gift basket.

Capital Campaign Update

The drawings are being finished up now for the engineer to review and approve. They then go to the Code Inspector for building permits. Work can start as soon as we get the permits and good weather.
